WHO THIS IS FOR

FOR LEADERS READY TO OWN IT.

✓ THIS IS FOR YOU IF...

- ✓ You've led a sales team and you understand that your earning potential is capped by working within someone else's structure
- ✓ You want to build something you own — where your income is a function of the operation, not your personal production
- ✓ You're ready to think like a business owner — legal structure, P&L, commercial relationships, scale
- ✓ You want to build using a proven model rather than starting from scratch with no framework
- ✓ You have the ambition, the capability, and the work ethic to build something significant — you just need the architecture

✗ THIS ISN'T FOR YOU IF...

- x You haven't yet demonstrated leadership capability — Tier 3 requires a foundation that Tiers 1 and 2 are designed to build
- x You want someone else to build it for you — this is an operator programme, not a passive income scheme
- x You're not prepared to make difficult commercial and personnel decisions independently
- x You're looking for a side project — building a sales operation is a full commitment

12 MODULES • 48 LESSONS

THE COMPLETE BUSINESS ARCHITECTURE.

The Sales Business covers every element of building and running an independent sales operation — from legal structure to licensing, from recruitment to scale. By the end, you have a business, not just a plan.

Module 01

THE BUSINESS MODEL ARCHITECTURE

Income vs asset thinking. The four-stage pipeline. Five revenue streams and the order to build them. 12-month projection with three phases.

Module 02

THE FIVE-STAGE GROWTH PARTNERSHIP MODEL

Every stage from Sales Rep to Owning Partner – what each requires, what each earns, and the promotion logic that makes advancement objective.

Module 03

LEGAL STRUCTURE & BUSINESS SETUP

Company formation, contracts, commission agreements, IP protection, and the legal foundations required before you take on your first rep.

Module 04

YOUR OFFER & POSITIONING

Defining the offer your operation represents, your market positioning, your differentiation, and how to communicate it to both prospects and recruits.

Module 05

BUILDING YOUR RECRUITMENT PIPELINE

Where and how to find Stage One reps. The qualification criteria. The intake process. Building a pipeline of people before you need them.

Module 06

THE PROMOTION SCORECARD & MILESTONE SYSTEM

The evidence-based framework for advancing people through the stages. No promotion on promise – only on proof.

Module 07

THE COACHING POD SYSTEM

The structural mechanism that scales development without bottlenecking at you. How pods are formed, managed, and monitored for quality.

Module 08

OPERATIONS & INFRASTRUCTURE

The tools, systems, reporting, and weekly operational cadence required to run a growing organisation without losing quality or control.

Module 09

CLIENT ACQUISITION & COMMERCIAL STRUCTURES

How to acquire the offers your reps represent. Commercial agreement structures. Revenue share, retainer, and hybrid models.

Module 10

THE LICENSING MODEL & OWNER ECONOMICS

The full Shevlin licensing framework — what it means to operate as an Owning Partner, what the obligations are, and what the economics look like at scale.

Module 11

LEADERSHIP AT SCALE

Leading an organisation where not everyone reports directly to you. Managing through Team Leaders. Maintaining culture and standards at distance.

Module 12

SCALING, PROTECTION & THE LONG GAME

Protecting what you've built – commercially, legally, culturally. The decisions that determine whether a business compounds or plateaus at year two.

WHAT YOU BUILD

NOT A PLAN. A BUSINESS.

01 A LEGAL, OPERATIONAL BUSINESS

Company formed, contracts in place, commercial structure established. Not planning to launch – actually launched.

02 A FUNCTIONING RECRUITMENT PIPELINE

Stage One reps identified, qualified, and in your development system. The operation is moving before week twelve.

03 A COMPLETE OPERATIONAL SYSTEM

The weekly cadence, the coaching pod structure, the promotion scorecard, the reporting – all built and running.

04**AT LEAST ONE COMMERCIAL RELATIONSHIP**

An offer or client relationship generating revenue for your operation before the programme ends.

05**THE SHEVLIN LICENSING AGREEMENT**

Demonstrated operational capability and completion of Tier 3 qualifies you for the licensing agreement – the formal framework for operating as an independent Owning Partner.

WHAT'S INCLUDED

**WEEKLY LIVE CALLS**

Direct coaching on your specific build – not generic business advice.

**12 FULL MODULES**

The complete business architecture in video and written format.

**TIER 3 PEER GROUP**

A cohort of operators building at the same level. Share decisions, challenges, progress.

**BUSINESS BUILD TEMPLATES**

Business Model Canvas, legal checklists, commercial agreement templates, operational frameworks.

**BUSINESS PLAN REVIEWS**

Submit your model, offer positioning, and operational plans for expert review.

**LICENSING PATHWAY**

Completion with demonstrated capability qualifies you for the Shevlin Owning Partner licensing agreement.

FIRST COHORT — SALES LEADERS ONLY

The Sales Business is launching its founding cohort and is open exclusively to experienced sales leaders with a demonstrable track record of leading and developing teams. This is not an entry-level programme. There are no testimonials yet — the first cohort will be the proof of concept for what this model produces at scale. If you're ready to stop building someone else's business and start building your own, apply now.

COMMON QUESTIONS

HONEST ANSWERS TO REAL QUESTIONS.

DO I NEED TO HAVE COMPLETED TIERS 1 AND 2 FIRST?

Not necessarily. If you already have a strong background in sales and sales leadership — you've been in a senior rep or manager role, you understand the craft and you've developed people — you can be considered for Tier 3 directly. The programme assumes capability, not completion of prior tiers.

WHAT EXACTLY IS THE LICENSING AGREEMENT?

The Shevlin licensing agreement allows you to operate an independent sales organisation using the Shevlin Growth Partnership methodology, training curriculum, and brand. In return, you operate within defined quality standards and pay a licensing fee. It's a business-to-business commercial relationship — not a franchise and not employment.

HOW QUICKLY CAN THE BUSINESS GENERATE REVENUE?

The programme is designed so that your operation is generating revenue before week twelve ends. The specific timeline depends on how quickly you recruit, develop, and place your first reps — and how well you execute the commercial relationship building in Modules 9 and 10. We set the target: operational before you graduate.

WHAT'S THE EARNING POTENTIAL?

That depends on the scale you build to. A three-person team producing £40,000 per month at a 4% override generates £1,600 per month in passive income on top of your own production. At ten people producing £100,000 per month, that's £4,000 per month. The ceiling is the size of the operation you're willing to build and sustain.

WHY £10,000?

Because you're not buying a course — you're building a licensed business. The investment covers the programme, the licensing qualification, the commercial frameworks, and access to the Shevlin network and methodology. One rep who closes £5,000 in commission in their first month has already generated 50% of the investment. The ROI is in the operation, not the

education.

WHAT SUPPORT EXISTS AFTER THE PROGRAMME ENDS?

As a Shevlin Owning Partner, you remain part of the network – with access to ongoing support, peer relationships with other operators, and the continuous development of the Shevlin methodology as it evolves. This isn't a course you complete and leave. It's an operating relationship.
